▶ ABOUT US

Turtle & Hughes, founded in 1923, is a fourth generation family-owned and employee-owned business and one of the nation's largest independent electrical and industrial distributors. Headquartered in Linden, NJ, we are a significant force in the engineering and procurement of power distribution, automation, lighting and energy projects, as well as an emerging force in the integrated supply arena. We have a long history of management by women that has spanned three generations of family leadership. Today, we are one of the top 50 women-owned businesses of any kind nationwide.

▶ STRUCTURE AND LOCATIONS

Turtle & Hughes is organized into two divisions. The Electrical Distribution division is based in Linden, NJ, and has a network of close to 20 branches nationwide. Turtle & Hughes Integrated Supply (THIS) is headquartered in Hamden, CT. It operates on-site at customer manufacturing facilities across the United States, and in Canada, Puerto Rico and Mexico.

▶ OUR PRODUCTS

We partner with the industry's strongest brands to bring our customers quality products from a global inventory. Large automated regional warehouses and a fleet of GPS-tracked trucks ensure that materials are delivered when and where you need them. On-site trailers and procurement management reduce the risk of excess inventory. We offer around-the-clock emergency services and electronic ordering from your desktop, tablet or mobile device.
