

## SERVICING OUR PORTS

### MEETING THE DEMANDS OF GLOBAL TRADE

### A WBE With Over 95 Years of Service

Our busy ports need to constantly adapt to the growing demands of global trade. We recognize the industry's changing dynamics and provide solutions for a wide variety of automation and electrical needs. Our experienced staff understands your needs and takes the time to learn about your business and its unique requirements.

### QUALITY PRODUCTS AND ENHANCED ENGINEERING

We offer a full array of technical application solutions requiring product replacement or enhanced application engineering services.
